Summary

Computer Science enthusiast with skills in C, C++, Python, Java, HTML/CSS, SQL, and DevOps tools. Experienced in problem solving and data analysis, with a proactive mindset and eagerness to contribute effectively in professional environments.

Skills

Programming: C, C++, Python, Java, HTML, CSS, SQL

Cloud/DevOps: Kubernetes, Docker, Helm, Azure

Monitoring: Prometheus, Grafana

Chaos Engineering: LitmusChaos, MTTR Analysis

Tools: Git, Bash, Wireshark, Nmap

Coursework: DSA, Cybersecurity Fundamentals, Web Development

Soft Skills: Leadership, Teamwork, Problem Solving

Experience

Cybersecurity Intern - STPI, Noida

Jun 2025 – Jul 2025

Summer Internship

- Performed vulnerability assessments and reconnaissance using Nmap on Linux systems.
- Applied Linux and networking fundamentals (OSI model, DNS, IP addressing) for system analysis.
- Trained on OWASP Top-10 and core cybersecurity principles.

Projects

ResiKube: Kubernetes DevOps Platform | *Kubernetes, Docker, Helm, Prometheus, Grafana, Python*

2025

- Built cloud-native DevOps platform for observability, chaos testing, and automated MTTR analysis.
- Containerized and deployed .NET Web API on Kubernetes with Helm.
- Integrated Prometheus and Grafana for metrics, dashboards, and automated outage annotations.
- Developed Python tool to compute MTTR and annotate dashboards.

Arcade Gaming System | *C++*

2024

- Developed games like Car Game, Pacman, Snake using OOP concepts.
- Implemented Sudoku and Tic Tac Toe with modular design and arrays/pointers.

Smart Parking System | *C++*

2024

- Automated vehicle entry/exit, slot allocation, and fee calculation.
- Used KMP for vehicle search, dynamic programming for optimization, and regex for validation.

Fitness Club Management | *C*

2023

- Managed customer records with add/edit/delete/search/display functions.
- Implemented file handling, secure login, and role-based access control.

Awards & Certifications

- IEEE TechBlocks 9.1 (2023) – Python fundamentals and AI/ML applications.
- Google AI Essentials (Coursera, Jul 2025) – Applied AI tools responsibly for workflow and decision-making.

Education

B.Tech in Computer Science and Engineering

2023 – Present

Jaypee Institute of Information Technology, Noida

CGPA: 7.0/10

Senior Secondary (CBSE)

2023

St. Teresa School, Indirapuram
